April 28, 2005

Sir:

Applicants submit the list of patents, as noted on the accompanying PTO form PTO/SB/08A, which they believe may be material to the examination of this application and in respect of which there may be a duty to disclose. These patents were cited by the European Patent Office in a concurrent filing at the EPO. All patents were classified in the category "A".

The filing of this information disclosure statement shall not be construed as a representation that a search has been made, an admission that the information cited is, or is considered to be, material to patentability, or that no other material information exists. As applicants believe that this is being filed prior to the mailing date of a first Office action on the merits, no fee is due.

In the event any fees are required with this paper, please charge our Deposit Account No. 22-0386, for which purpose duplicate copies are enclosed.

Respectfully submitted,
